Detroit Housing Commission

COVID-19

Resource Guide & COVID Toolkit
Dear DHC residents,

Our Resource Guide will provide valuable resource service information throughout Michigan. You will also find additional resources provided during the COVID 19.

If you are a DHC family, and would like to request a wellness call, have a challenge, or question, please notify us immediately by one of the following (2) methods:

1. Call: (313) 877-8772
2. E-Mail: RSDRSVP@dhcmi.org

To stay informed and connected with all of Detroit Housing Commission Resident Services Department and EnVision Center’s resources, agency announcements, upcoming programs, events, and activities! Don’t forget to Follow and Like Us! Click any of the links below and get directed to any of our Social Media Accounts. Valuable Information you can use!
Detroit Housing Commission
Resident Services Department
“Get Social with Resident Services”

Social Media Contest

For DHC residents to stay informed and connected with all of Detroit Housing Commission Resident Services Department and EnVision Center’s resources, agency announcements, upcoming programs, events, and activities! Follow and Like Us on both of our social media pages.

Starting Monday, August 10, 2020 through September 29, 2020 - If you are a DHC Resident that Follows and Like Us on one or both of our social media outlets you will be entered into the “Get Social with Resident Services” Contest. There will be (2) contest drawings of a $100.00 Gift card. For a resident to enter, you must provide all of the following information to RSDRSVP@DHCMII.ORG:

1. Full Name
2. DHC Site Location
3. Facebook & Instagram User-Name
4. E-mail address
5. Verify phone number (Landline/Mobile preferred)

***Your Follow and/or Like will be verified to complete contest entry and that the and WINNERS WILL BE ANNOUNCED WEDNESDAY, SEPTEMBER 30, 2020 ONLY ON FACEBOOK AND INSTAGRAM.

Contest Rules

- Must be a current DHC Resident or HCV Participant
- Only (1) contest entry per person
- Must be at least 15 years of age
- Must have your own Facebook and/or IG Username
- Must complete all information required and send to rsdrsvp@dhcmi.org for contest entry to be valid
- Must have valid and working mobile phone and email address

Below you will find both social media pages for residents to follow and like us on:

Instagram: Follow us on Instagram
Facebook: Like us on Facebook

DH C Resident Services

If you have any questions, please e-mail RSDRSVP@dhcmi.org
**Transportation For Detroit Residents **

**Get a Ride, Get a Test**
Beginning Monday, April 6th, Detroiterers can get a $2 ride to the Joe Dumars Fieldhouse at the State Fairgrounds to receive a COVID-19 test. People that can't provide the $2 will still be able to get a ride. The COVID-19 tests at the Fairgrounds are free, and you DO NOT need a prescription to get a test.

How it works:
Make a Fairgrounds Appointment - If you are experiencing symptoms of COVID-19 of have come in contact with an infected person, call 313-230-0505 to make an appointment.

Don’t have transportation? - Tell the call taker who books your Fairgrounds appointment. They will connect you directly to the car service to book your $2 ride. The rides are only for Detroiters being picked up and dropped off at a Detroit residence. Wheelchair accessible transportation options to the testing site are separate from the city's existing paratransit service.

Patients will be able to have a family, friend, or caregiver go with them.

The day of your test - When your driver arrives, bring your identification (if you don’t have a state issued ID, you can bring any other piece of identification such as a work badge, utility bill, etc.). Both the driver and passenger will be asked to wear masks and gloves for their protection. After the test, the driver will take you back home.

Special thank you to IntelliRide for providing transportation services, and Gary Torgow and ITC Holdings for their generous contributions that made the transportation program possible.

NEED A MASK?
You can find a mask distribution site by calling the state COVID-19 hotline at 888.535.6136 or your local Community Action Agency

Research shows that masks can greatly reduce the chance of spreading COVID-19, especially when approximately 40% of those who have COVID-19 may be asymptomatic. We can only contain the virus and keep Michigan open if everyone stays careful and masks up when they leave home, whether they feel sick or not.

For more information or any questions, visit Michigan.gov/Coronavirus.

**Masks Are Required**

Per recent Executive Order, Michiganders are required to wear a face covering whenever they are in an indoor public space. It also requires the use of face coverings in crowded outdoor spaces. Businesses open to the public will refuse entry or service to those who decline to wear a face covering.

**How a Mask Works**

- COVID-19 spreads mainly among people who are in close contact.
- All of us have droplets in coughs and sneezes that can carry COVID-19 to others.
- Coughs spray droplets at least 6 feet. Sneeze travels as far as 27 feet. Droplets also may spread when we talk or raise our voice.
- These droplets can land on your face or in your mouth, eyes and nose.
- When you wear a mask, it keeps more of your droplets with you.
- A mask also adds an extra layer of protection between you and other people’s droplets.

How to Make Cloth Face Coverings

CDC on Homemade Cloth Face Coverings

CDC recommends that you wear cloth face coverings in public settings when around people who don’t live in your household, especially when other social distancing measures are difficult to maintain. Cloth face coverings are most likely to reduce the spread of COVID-19 when they are widely used by people in public settings. Simple cloth face coverings can be made at home and may help prevent the spread of COVID-19.

Who should NOT use cloth face coverings: children under age 2, or anyone who has trouble breathing, is unconscious, incapacitated or otherwise unable to remove the mask without assistance.

Cloth face coverings are NOT surgical masks or N95 respirators. Currently, surgical masks and N95 respirators are critical supplies that should be reserved for healthcare workers and other first responders.

Sew and No Sew Instructions

Materials

- Two 10”x6” rectangles of cotton fabric
- Two 6” pieces of elastic (or rubber bands, string, cloth strips, or hair ties)
- Needle and thread (or bobby pin)
- Scissors

Tutorial

1. Cut out two 10-by-6-inch rectangles of cotton fabric. Use tightly woven cotton, such as quilting fabric or cotton sheets. T-shirt fabric will work in a pinch. Stack the two rectangles; you will sew the mask as if it was a single piece of fabric.

2. Fold over the long sides ¼ inch and hem. Then fold the double layer of fabric over ½ inch along the short sides and stitch down.

3. Run a 6-inch length of 1/8-inch wide elastic through the wider hem on each side of the mask. These will be the ear loops. Use a large needle or a bobby pin to thread it through. Tie the ends tight. Don’t have elastic? Use hair ties or elastic head bands. If you only have string, you can make the ties longer and tie the mask behind your head.

4. Gently pull on the elastic so that the knots are tucked inside the hem. Gather the sides of the mask on the elastic and adjust so the mask fits your face. Then securely stitch the elastic in place to keep it from slipping.
Non-sewn Face Covering

Materials
- Bandana, old t-shirt, or square cotton cloth (cut approximately 20” x 20”)
- Rubber bands (or hair ties)
- Scissors (if you are cutting your own cloth)

1. Fold bandana in half.
2. Fold top down. Fold bottom up.
3. Place rubber bands or hair ties about 6 inches apart.
4. Fold side to the middle and tuck.

Make sure your cloth face covering:
- fits snugly but comfortably against the side of the face
- completely covers the nose and mouth
- is secured with ties or ear loops
- includes multiple layers of fabric
- allows for breathing without restriction
- can be laundered and machine dried without damage or change to
Symptoms of Coronavirus (COVID-19)

Know the symptoms of COVID-19, which can include the following:

- Cough
- Fever
- Chills
- Muscle pain
- Shortness of breath or difficulty breathing*
- Sore throat
- New loss of taste or smell

Symptoms can range from mild to severe illness, and appear 2-14 days after you are exposed to the virus that causes COVID-19.

*Seek medical care immediately if someone has emergency warning signs of COVID-19.

- Trouble breathing
- Persistent pain or pressure in the chest
- New confusion
- Inability to wake or stay awake
- Bluish lips or face

This list is not all possible symptoms. Please call your medical provider for any other symptoms that are severe or concerning to you.
Help Protect Yourself and Others from COVID-19

Practice Social Distancing

Stay 6 feet (2 arm's lengths) from other people.

And Wear a Cloth Face Covering

Be sure it covers your nose and mouth to help protect others. You could be infected and not have symptoms.

cdc.gov/coronavirus
How to Safely Wear and Take Off a Cloth Face Covering

WEAR YOUR FACE COVERING CORRECTLY
- Wash your hands before putting on your face covering
- Put it over your nose and mouth and secure it under your chin
- Try to fit it snugly against the sides of your face
- Make sure you can breathe easily
- Do not place a mask on a child younger than 2

USE THE FACE COVERING TO HELP PROTECT OTHERS
- Wear cloth face coverings in public settings and when around people who don't live in your household, especially when other social distancing measures are difficult to maintain
- Don’t put the covering around your neck or up on your forehead
- Don’t touch the face covering, and, if you do, clean your hands

FOLLOW EVERYDAY HEALTH HABITS
- Stay at least 6 feet away from others
- Avoid contact with people who are sick
- Wash your hands often, with soap and water, for at least 20 seconds each time
- Use hand sanitizer if soap and water are not available

TAKE OFF YOUR CLOTH FACE COVERING CAREFULLY, WHEN YOU’RE HOME
- Untie the strings behind your head or stretch the ear loops
- Handle only by the ear loops or ties
- Fold outside corners together
- Place covering in the washing machine
- Wash your hands with soap and water

Cloth face coverings are not surgical masks or N-95 respirators, both of which should be saved for healthcare workers and other medical first responders.

For instructions on making a cloth face covering, see: cdc.gov/coronavirus
What You Can do if You are at Higher Risk of Severe Illness from COVID-19

Are You at Higher Risk for Severe Illness?

Based on what we know now, those at higher risk for severe illness from COVID-19 are:

- Older adults
- People of any age with the following:
  - Chronic kidney disease
  - COPD (chronic obstructive pulmonary disease)
  - Immunocompromised state (weakened immune system) from solid organ transplant
  - Obesity (body mass index [BMI] of 30 or higher)
  - Serious heart conditions, such as heart failure, coronary artery disease, or cardiomyopathies
  - Sickle cell disease
  - Type 2 diabetes mellitus

Here’s What You Can do to Help Protect Yourself

- Limit contact with other people as much as possible.
- Wash your hands often.
- Avoid close contact (6 feet, which is about two arm lengths) with people who are sick.
- Clean and disinfect frequently touched surfaces.
- Avoid all cruise travel and non-essential air travel.

Call your healthcare professional if you are sick.

For more information on steps you can take to protect yourself, see CDC’s How to Protect Yourself:

cdc.gov/coronavirus
To find a location to get a flu vaccine, please utilize one of the following resources to help assist you.

⇒ You can use the finder tool at: [vaccinefinder.org](http://vaccinefinder.org)
⇒ Contact your local health department: [www.michigan.gov/mdhhs](http://www.michigan.gov/mdhhs)
⇒ Contact your health care provider.
Cleaning And Disinfecting Your Home

Everyday Steps and Extra Steps When Someone Is Sick

How to clean and disinfect

Wear disposable gloves to clean and disinfect.

Clean

- Clean surfaces using soap and water. Practice routine cleaning of frequently touched surfaces.

High touch surfaces include:
Tables, doorknobs, light switches, countertops, handles, desks, phones, keyboards, toilets, faucets, sinks, etc.

Disinfect

- Clean the area or item with soap and water or another detergent if it is dirty. Then, use a household disinfectant.

- Recommend use of EPA-registered household disinfectant.

Follow the instructions on the label to ensure safe and effective use of the product.

Many products recommend:
- Keeping surface wet for a period of time (see product label).
- Precautions such as wearing gloves and making sure you have good ventilation during use of the product.

- Diluted household bleach solutions may also be used if appropriate for the surface. Check to ensure the product is not past its expiration date. Unexpired household bleach will be effective against coronaviruses when properly diluted.

Follow manufacturer’s instructions for application and proper ventilation. Never mix household bleach with ammonia or any other cleanser.

Leave solution on the surface for at least 1 minute

To make a bleach solution, mix:
- 5 tablespoons (1/3rd cup) bleach per gallon of water

OR
- 4 teaspoons bleach per quart of water

- Alcohol solutions with at least 70% alcohol.

Soft surfaces

For soft surfaces such as carpeted floor, rugs, and drapes

- Clean the surface using soap and water or with cleaners appropriate for use on these surfaces.
- **Launder items** (if possible) according to the manufacturer’s instructions. Use the warmest appropriate water setting and dry items completely.

**OR**

- **Disinfect with an EPA-registered household disinfectant.** These disinfectants meet EPA’s criteria for use against COVID-19.

**Electronics**

- For electronics, such as tablets, touch screens, keyboards, and remote controls.
  
- Consider putting a wipeable cover on electronics.
  
- Follow manufacturer’s instruction for cleaning and disinfecting.
  
  - If no guidance, use alcohol-based wipes or sprays containing at least 70% alcohol. Dry surface thoroughly.

**Laundry**

For clothing, towels, linens and other items

- Launder items according to the manufacturer’s instructions. Use the warmest appropriate water setting and dry items completely.

- **Wear disposable gloves** when handling dirty laundry from a person who is sick.

- **Dirty laundry from a person who is sick can be washed with other people’s items.**

- Do not shake dirty laundry.

- Clean and disinfect clothes hampers according to guidance above for surfaces.

- Remove gloves, and wash hands right away.

**Clean hands often**

- **Wash your hands** often with soap and water for 20 seconds.
  
  - Always wash immediately after removing gloves and after contact with a person who is sick.

- **Hand sanitizer:** If soap and water are not readily available and hands are not visibly dirty, use a hand sanitizer that contains at least 60% alcohol. However, if hands are visibly dirty, always wash hands with soap and water.

- **Additional key times to clean hands include:**
  
  - After blowing one’s nose, coughing, or sneezing
  
  - After using the restroom
  
  - Before eating or preparing food
  
  - After contact with animals or pets
  
  - Before and after providing routine care for another person who needs assistance (e.g., a child)

- **Avoid touching** your eyes, nose, and mouth with unwashed hands.

**When Someone is Sick**

**Bedroom and Bathroom**

Keep separate bedroom and bathroom for a person who is sick (if possible)

- The person who is sick should stay separated from other people in the home (as much as possible).

- **If you have a separate bedroom and bathroom:** Only clean the area around the person who is sick when needed, such as when the area is soiled. This will help limit your contact with the person who is sick.
- Caregivers can provide personal cleaning supplies to the person who is sick (if appropriate). Supplies include tissues, paper towels, cleaners, and EPA-registered disinfectants. If they feel up to it, the person who is sick can clean their own space.

- If shared bathroom: The person who is sick should clean and disinfect after each use. If this is not possible, the caregiver should wait as long as possible before cleaning and disinfecting.

- See precautions for household members and caregivers for more information.

Food

- Stay separated: The person who is sick should eat (or be fed) in their room if possible.

- Wash dishes and utensils using gloves and hot water: Handle any used dishes, cups/glasses, or silverware with gloves. Wash them with soap and hot water or in a dishwasher.

- Clean hands after taking off gloves or handling used items.

Trash

- Dedicated, lined trash can: If possible, dedicate a lined trash can for the person who is sick. Use gloves when removing garbage bags, and handling and disposing of trash. Wash hands afterwards.
Might I get an eviction notice for non-payment of rent after August 15, 2020?

Yes. Unless a longer eviction moratorium is in effect under state or local law, starting on August 15, 2020, your PHA or landlord can give you an eviction notice if you have not paid your rent or entered into a repayment agreement. Federal law under the CARES Act requires that the eviction notice provided at the end of the moratorium gives the tenant at least 30 days to vacate the property, but a longer notice period may be required by state or local law. If you receive an eviction notice, you must follow the local process for eviction proceedings. If you feel you are being wrongfully evicted, contact your local legal aid organization or social service agencies. If you are a Voucher participant, you may also contact your local PHA. If you are a public housing participant, you have the right to a grievance procedure as stated in your lease.

What can I do to avoid eviction if I have unpaid rent due?

Rent was still due and has accumulated if it was unpaid. If you have any unpaid rent, talk to your PHA right away about the possible options below:

1. If you have had a decrease in income or change in circumstances that made it difficult to pay your rent on time, ask your PHA to recertify your income. For both public housing participants and Voucher participants, the PHA will review your current income and adjust your rent to reflect the change. Tip! If the change in income was not reported promptly, ask the PHA about their policy on retroactive rent adjustments (some may allow them, some may not). You could also ask the PHA if you are eligible for a minimum rent hardship exemption. All PHAs are required to provide minimum rent hardship exemptions. You can review the PHA’s Admission and Continued Occupancy Policy (ACOP) or Administrative Plan for information of the PHA’s local policies for hardship exemptions, or you can reach out to the PHA directly.

2. All public housing participants and Voucher participants have the option to pay the back rent in a lump sum by July 24, 2020. Your PHA and landlord cannot charge late fees or interest for rent due in the months of April, May, June, and July of 2020.

3. If you cannot pay the back rent in a lump sum, ask your PHA or your landlord (if you are a Voucher participant) if you can enter into a repayment agreement for any unpaid rent. See below for more information on repayment agreements. Tip! The $1,200+ Federal Economic Impact payment (stimulus payment) was NOT included in your income calculation. This could be used as a resource to help with the unpaid rent. Nearly all residents who are U.S. Citizens are eligible for this payment. If you have not received a stimulus payment, please visit this webpage to check the status of your payment and fill out a simple form: https://www.irs.gov/coronavirus/get-my-payment. Tip! The additional $600 per week in temporary unemployment benefits provided by the CARES Act was NOT included in your income calculation. If you received this extra benefit, this could be used as a resource to help with the unpaid rent. If you lost your job and have not yet applied for unemployment benefits, you can find more information on how to apply for unemployment benefits at: www.usa.gov/unemployment; www.careeronestop.org/LocalHelp/UnemploymentBenefits. Note: the additional $600 per week temporary unemployment benefits provided by the CARES Act expires on July 31, 2020 and applying now would not secure this additional payment benefit, but you may still be eligible for regular unemployment insurance.

(4) Your PHA may know about local resources to help with rent, utilities and other basic needs. You can also dial 211 from any phone or visit 211.org for information on emergency financial assistance. Please also see the services and resources section at the end of this document for a list of possible resources.

What is a repayment agreement and what will be the terms to avoid eviction?

A repayment agreement is a written and signed contract between you and the PHA (for Public Housing participants) or your landlord (for Voucher participants) that establishes the amount you are behind in rent and an agreement on how much of that you will pay each month and for how many months (e.g. you owe $500 and you agree that you will pay $50 extra, in addition to your regular rent, each month, for 10 months). Entering into a repayment agreement will be at the PHA or landlord’s discretion. Late and missed payments of the repayment agreement may result in termination of tenancy and/or assistance. For public housing participants, the terms of the repayment agreement will be outlined in the PHA’s Admission and Continued Occupancy Policy (ACOP) and in the written repayment agreement. Voucher participants will need to negotiate directly with your landlord to determine the terms of the repayment agreement.
COVID-19 Information & Safety Concerns

What should I do if I test positive for COVID-19?
Your PHA may ask you to self-report if you test positive or are exposed to someone who tests positive to help protect other tenants and staff. You are not required to tell your PHA or landlord about a diagnosis. However, sharing this information can help protect staff and other people you may have contacted.

Do I have a right to know if other tenants test positive for COVID-19?
Your PHA does not have to share an active COVID-19 diagnosis with you. However, some PHAs may be notifying tenants if someone in their building has tested positive for COVID-19.

Can I require inspectors to wear personal protective equipment (PPE) before entering my unit?
Yes, if you are uncomfortable with PHA staff entering your home without PPE, such as a face covering or mask, please kindly ask the PHA staff that they should follow the CDC guidance and recommendations from state or local health officials.

Is the PHA required to professionally clean my unit if there are infected individual(s) in my building?
No, the PHA is responsible for cleaning in the common areas and you are responsible for your unit.

What is VAWA? And am I covered by VAWA protections?
The Violence Against Women Act (VAWA) provides protections for victims of domestic violence, dating violence, sexual assault, and stalking (referred to as “VAWA crimes”). Protections are available regardless of gender.

Did my VAWA protections change due to the quarantine for COVID-19?
No, VAWA does not prohibit a PHA or owner from evicting or terminating assistance for violations not premised on a VAWA crime. The PHA or owner must hold you to the same standard as other tenants. The PHA/owner may still evict you for serious or repeated lease violations not based on VAWA or if the PHA/owner can demonstrate that there is an actual and imminent threat other tenants or staff.

Is the PHA required to tell me about my VAWA housing protections?
Yes, your PHA must inform you of your VAWA protections no later than when you are denied admission or assistance, when you are provided assistance, and when you receive notification of termination of assistance.

What should I do if I am upset, in crisis, or want to talk to someone right away?
For help regarding an unsafe abusive relationship, you may call the National Domestic Violence Hotline at: 1-800-799-7233 or, for persons with hearing impairments, 1-800-787-3224 (TTY) or text LOVEIS to 22522. For help regarding sexual assault, you may contact the National Sexual Assault Hotline (RAINN) at 1-800-656-4673. Additional Resources: For help regarding stalking, visit the National Center for Victims of Crime’s Stalking Resource Center at:
https://www.victimsofcrime.org/our-programs/stalking-resource-center
To find a directory of local coalitions for every state, visit the National Coalition Against Domestic Violence at:
https://ncadv.org/state-coalitions.

*Protections for Domestic and Sexual Violence*

What if I need to move to escape abuse during COVID-19?
You can still request an emergency transfer from your PHA. Every PHA is required to have an emergency transfer plan that details who is eligible, what documentation is required (if any), how the PHA will protect confidentiality, and how the PHA will process emergency transfer requests.

What kind of documentation do I need for an emergency transfer request?
PHAs are not required to request documentation and may accept a verbal statement. Documentation requirements will be included in the PHA’s emergency transfer plan. If documentation is required, you may provide any following options of your choice: either self-certify using (Form HUD-5382) OR provide a document from someone who has helped you with the abuse (an employee, agent, or volunteer of a victim service provider, an attorney, or medical professional or a mental health professional) OR an administrative record (including police reports and restraining orders).

What if I need to get the abuser out my unit during COVID-19?
Your VAWA rights are still protected during COVID-19. If a household member is engaging in criminal activity directly related to a VAWA crime, contact your PHA or owner to discuss the options available to you.

What is the safest and most confidential way to communicate with a PHA in cases where the perpetrator is a member of the household?
Please let the PHA know the safest way to communicate with you. All information shared with the PHA must be held in strict confidence.

Does this mean that a VAWA victim cannot be evicted or have their assistance terminated?
No, VAWA does not prohibit a PHA or owner from evicting or terminating assistance for violations not premised on a VAWA crime. The PHA or owner must hold you to the same standard as other tenants. The PHA/owner may still evict you for serious or repeated lease violations not based on VAWA or if the PHA/owner can demonstrate that there is an actual and imminent threat other tenants or staff.

What if I have questions or concerns about property management and maintenance?
You should continue to contact your PHA or landlord with concerns about property management and maintenance requests. Responses to non-emergency concerns or requests may be limited or delayed. Some PHAs have physically closed their offices to reduce the spread of COVID-19, but are available by telephone, email, or their online portal. Some offices may have reduced in-person support and/or may only be responding to emergencies. Check if there are flyers or messages posted in your building or around the property management office with more information.

*VAWA crimes* 

No, if you are a victim of a VAWA crime, your protections remain the same during COVID-19. If a household member is engaging in criminal activity directly related to a VAWA crime, contact your PHA or owner to discuss the options available to you.

RESOURCES
Wayne Metro CARES
Relief & Recovery Services

In an effort to respond to the immediate needs of Wayne County residents, Wayne Metro is implementing our CARES Relief & Recovery Services. Through this new initiative, residents may qualify for assistance in the following areas:

**Food & Income Support**
Distributing food, formula, diapers, wipes & Personal Protection Equipment.

**Water & Energy Assistance**
Providing residents with financial assistance towards energy & water utilities.

**Emergency Plumbing Repair**
Provide plumbing repairs that will resolve the immediate emergency with access to water services.

**Rent & Mortgage Assistance**
Providing rental assistance & help towards mortgage payments.

**Property Tax Assistance**
Offering Property Tax Assistance, which can help reduce property taxes.

**Funeral Assistance**
Providing financial assistance towards burial and cremation services.

**Who Qualifies?**
- 200% of Poverty
- Layoff, Decrease in Hours, Recipient of Unemployment
- Child in Head Start or have a child receiving free or reduced lunch
- Receipt of benefits through the Michigan Department of Health and Human Service (MDHHS).
- Benefits to include but not limited to: SNAP, TANF, SDA, Medicaid and childcare benefits
- Current enrollee in other assistance programs (Ex. WRAP, MEAP, HUD programs) that currently have income guideline restrictions

**EVICION MORATORIUM HAS BEEN LIFTED**

It's very important to notify your Housing Authority of any Income changes to your Household.
Please contact your property management office and/or HCV case manager immediately!

- **Voucher and public housing participants**: If you lost your job or had a significant loss of income, request an interim reexamination with the housing authority as soon as possible. Your rent can be adjusted to reflect the change in income or you may be eligible for a financial hardship exemption. Your housing authority may also know about other local resources.
- **Voucher participants only**: Contact your landlord right away. Reach out early to discuss potential payment plans or accommodations. Due to loss in income and the resulting interim reexamination, your rent adjustment may be retroactive. Confirm with the PHA and your landlord whether you will receive a credit for the previous month.

**What else should you know?**
- **Rent is still due** during this time period and will accumulate if unpaid.
- Your landlord and the PHA cannot initiate a new eviction action for nonpayment of rent and you should not receive a notice to vacate for nonpayment of rent from March 27, 2020 – July 24, 2020.
- Your landlord and the PHA cannot charge any late fees, or accrue charges/fees, and your assistance cannot be terminated for past due rent in April, May, June and July 2020.
- If you are behind on rent after the suspension of evictions expire: **Voucher participants** need to negotiate directly with your landlord to determine requirements to repay unpaid rent. Otherwise, your landlord could file an eviction. **Public housing participants** need to work with the PHA to pay unpaid rent in a lump sum or set up a repayment agreement. Otherwise, your assistance could be terminated and/or the PHA could file an eviction.
- Evictions for nonpayment of rent filed with the court before March 27, 2020 can proceed if there is no conflict with state or local laws.
- The PHA or your landlord can still terminate assistance and evict for drug abuse, criminal activity, lease violations, fraud, repeated minor violations, other good cause, etc.
- HUD does not intervene or participate in eviction proceedings. If you feel you are being wrongfully evicted, contact your local legal aid organization or social service agencies. If you are a Voucher participant, you may also contact your local PHA.

---

1 Enacted in Section 4024 of the Coronavirus Aid, Relief, and Economic Security Act, 2020 “CARES Act” (Public Law 116-136).
If you or someone you know is facing eviction and has received a notice to quit or a court order summons, complaint or judgement, please access the Detroit Eviction Prevention Program by calling the Eviction Prevention Helpline at 866-313-2520 or visit www.DetroitEvictionHelp.com to access the online intake form.

The City of Detroit and the State of Michigan, in coordination with Southwest Counseling Solutions and the Homeless Action Network of Detroit (HAND), will provide eviction-prevention programs to Detroit tenants. These eviction defense programs are administered by City partners at United Community Housing Coalition (UCHC), MI Legal Services and Lakeshore Legal Aid.

United Community Housing Coalition
MI Legal Services, 313-355-3352
Lakeshore Legal Aid, 888-783-8190

If your case involved non-payment of rent or land contract forfeiture or you need financial help to move, you may also want to contact:
Wayne Metro CARES, (313) 388-9799
Michigan Department of Human Services, MDHHS-Homeless@michigan.gov
The Detroit Housing Commission is open however the administrative staff offices at 1301 E. Jefferson and 2211 Orleans is working remotely. We are addressing inquiries through email and telephone calls.

It is critical to make sure we have your current contact information: a phone number and email address. If you have an alternate or emergency contact we will accept their information as well. The DHC staff will be asking for your phone number and email address on a regular basis. (Please note DHC will not share this information, it will be used for DHC business only)

If you have experienced a loss of income you are encouraged to contact their manager or housing specialist to complete an interim income certification.

If you have reported a loss of income and return to work you must report the return to work to DHC through an interim income certification.

**Voucher Holders**

DHC is placing a drop box in the front of 2211 Orleans. All material can be securely placed in the drop box and will be time stamped received on the same day.

If you are behind in your rent you should work with their landlords and try to enter into a rent repayment agreement. DHC is paying the subsidy portion of your rent to the landlord/property owner.

If you are behind with your utilities, please contact the utility companies to determine if assistance is available. If the utilities are shut off, you enter into a health and safety issue as well as program violations

DHC is inspecting units for Housing Quality Standards. Please view our website for more information: [www.dhcmi.org](http://www.dhcmi.org).

*Internet Services*

COMCAST INTERNET Essentials
Starting Monday, Comcast said it will offer low-income families who live within Comcast’s service areas 60 days of free “Internet Essentials” service, one of its lowest cost programs. Internet Essentials normally costs $9.95 per month. Comcast said Internet Essentials “is the nation’s largest and most comprehensive broadband adoption program for low-income Americans.” In the same announcement, Comcast said it was speeding up its Internet Essentials service for all customers.

Crisis Centers for Adults and Children

Crisis Centers are centers that provide crisis counseling, solution-focused and recovery-oriented behavioral health assessments and stabilization. If you or someone you care about is experiencing a behavioral health crisis, or you aren’t sure what help may be needed, you may call or go to one of our crisis centers. These centers help resolve behavioral health crisis situations by offering individual crisis response, family support, link to resources and help to access behavioral health services, hospital care and hospital alternatives. The goal is to stabilize the situation so a person in crisis can return home safely, with plans and resources to manage any ongoing needs.

Team Wellness Center Mental Health Clinics Remain Open During COVID-19 Crisis

As Wayne County deals with the ongoing and rapidly evolving Coronavirus (COVID-19) pandemic many people with mental illness may be experiencing increased anxiety, stress, or depression. Some may even have difficulty accessing services or getting medications.

Team Wellness Center which serves more than 15,000 Wayne County residents remains committed to serving the community. Our clinics in Detroit and Southgate will remain open with their normal schedules and programming. Each clinic has an onsite pharmacy that will remain open to the public.

The Psychiatric Urgent Care Unit located at our Team East location (6309 Mack Ave. Detroit, MI 48207) will continue to be fully operational and available to people in a mental health or addiction related crisis, as well as hospitals and law enforcement.

Our 24-hour call center and crisis hotline is available to anyone who needs mental health or addiction support. For more information or clinic hours call us at 888-813-TEAM.

Team Wellness Center provides comprehensive behavioral health services for families and children ages 5 to 17. If your child is struggling with unexpected or unexplained behavioral changes, Team can help!

Individual and Family Therapy Psychiatric Evaluation Medication Reviews School Support (IEPs, Behavioral Plans, Truancy) Parenting Strategies, Foster Care Support

We hope that **Wide Open School** helps make learning from home an experience that inspires kids, supports teachers, relieves families, and restores community. This site was built in a matter of days on a shared vision. We plan to keep building until things get back to normal. A group of more than 25 organizations came together and raised their hands to help, and many more are joining on a daily basis. Watch for new features and content partners frequently.

Wide Open School is a free collection of the best online learning experiences for kids curated by the editors at **Common Sense**. There is so much good happening, and we are here to gather great stuff and organize it so teachers and families can easily find it and plan each day.

This crisis has reminded us of our deep appreciation for the work teachers do every day in their classrooms. At Wide Open School, we celebrate teachers—and parents—as they take on this new challenge. We'll discover and highlight teachers who are figuring out how to light up an online classroom and invite them to share their tips and wisdom to help blend home and school. Wide Open School can only fulfill its mission if all kids and families can access it.

We know that millions of kids are without home broadband and/or computers, leaving them without access to critical learning and support services. We will persistently highlight the need to [connect all kids](#), and we won't rest until we have played our part in closing the digital divide. As we do so, Wide Open School will offer many resources that can be completed offline and on smartphones, as well as [bilingual and English-language learner](#) resources.

Get started today!
